

Town of Almond Highway report  
February 16, 2022 – March 14, 2022

Out to Plow and sand 16 times, 2 snow falls being out all day, pushing back snowbanks and winging back in areas,

Had ice jam flooding in areas of the town, Clark, Satterlee, Turnpike, Bishopville EXT, repaired areas with grader, and used county gradall. Still some repairs to do when weather breaks

Rebuilt pins and bushings on grader moldboard, shimmed turn table and lift arm sockets

air tanks on 05 sterling leaking and tried repairing them, end up replacing tanks.

Had tension spring break on overhead door that's behind loader. Had door wedged in opening. Overhead door came and replaced springs and adjusted door

On February 17<sup>th</sup> the Excavator caught fire on Bishopville road. Total loss, been dealing with Insurance company. County will haul Back to shop when ground hardens up. T&R was called to scene for the hydraulic and diesel and they hope to finish cleaning up this week if weather permits. They have been in contact with DEC on the clean up

2016 Dodge 2500 Pickup is at maple city, transmission is acting up again. Not sure if it is warranty after new one was put in 24k miles ago or not
