RE: TOWN OF RIPLEY
**   2021 WASTEWATER TREATMENT FACILITY IMPROVEMENTS**
**   ULTRAVIOLET DISSINFECTION SYSTEM**
**   CPL PROJECT NO. 15636.00**
**   REBID RECOMMENDATION**

Dear Mr. Bowen:

We have completed our review of the bids received on January 6, 2022 for the above referenced project. A summary of the bids is provided below, and a copy of our bid tabulation is enclosed for your information and review.

Contractor	Base Bid	Alternate 1	Alternate 2	Total Base & Alternate Bids
STC Construction, Inc.	$479,800.00	$10,300.00	$4,700.00	$494,800.00
H&K Services, Inc.	$650,400.00	$9,400.00	$5,800.00	$665,600.00
JW Danforth	$657.000.00	$16,500.00	$16,500.00	$690,000.00

The apparent low bidder is STC Construction Inc., with a bid price of $494,800.00 which includes base bid items along with the two bid alternates.

STC Construction, Inc. is an established, local contracting firm that has worked on infrastructure improvement projects in the surrounding areas. STC has constructed numerous projects that CPL has designed and managed during construction. Several recent projects, that are also funded by NYSEFC include the Village of Akron WWTF improvements ($4.7 million) and Village of Warsaw WWTF improvements ($5 million). Upon review, CPL deems that they are an acceptable contractor.

Based on our review of submitted bids and the low bidder qualifications, we recommend that the Town of Ripley award the contract to STC Construction, Inc. in the amount of $494,800.00.

Please note that the available NYSEFC funding amount for construction is approximately $1.2 million. Subtracting $500,000 for the above bid from this amount yields $700,000 remaining. Our office will coordinate with the Town to determine use of remaining funds with future bids. If you have any questions or require any additional information, please contact me at (716) 880-1256.

Very truly yours,

CPL

Seth L. Krull, P.E.
